

FOR IMMEDIATE RELEASE

James Loudspeaker™ Introduces Three Omni Planter Outdoor Loudspeakers

Powder-coated aluminum form factor elegantly incorporates a high-performance full-range outdoor loudspeaker with 360-degrees of dispersion into an elegant planter for seamless integration into any landscape décor

Napa, CA, November 16th, 2017 – James Loudspeaker (www.jamesloudspeaker.com), designers and manufacturers of the highest quality décor-friendly entertainment products for both residential and commercial applications, has introduced three Omni Planter landscape speaker systems engineered for applications where in-ground solutions are not practical. Omni Planter speakers incorporate a down-firing subwoofer and deliver 360-degrees of sparkling clear entertainment.

All James Loudspeaker Omni Planter models cleverly accommodate a decorative plant of choice nestled into the top section of the all-aluminum powder coated loudspeaker enclosure available in an array of standard and custom colors. Typical applications for the Omni Planter loudspeaker include rock-scape areas or any other environment where traditional satellite/subwoofer combinations cannot be installed. The Omni Planters are also ideal for large open seating venues such as outdoor theaters that demand detailed and dynamic coverage as well as high-output. Custom colors and configurations are available, including units without rear-firing satellites when situated in a corner or against a wall. Sturdy, tamper-proof brackets and bolts make the Omni Planter ideal for commercial applications and for securing to solid surfaces such as concrete.

Three models to choose from:

Omni Planter 89AT4-P 3-inch satellites/8-inch subwoofer MSRP \$2,400.00 (each)

Omni Planter 89AT70-P (premium 70-volt version) MSRP \$2600.00 (each)

Omni Planter 109AT4-P 4-inch satellites/10-inch subwoofer MSRP \$2,900.00 (each)

Omni Planter 109AT70-P (premium 70-volt version) MSRP \$3,100.00 (each)

Omni Planter 129AT4-P 6-inch satellites/12-inch subwoofer MSRP \$3,400.00 (each)

Omni Planter 129AT70-P (Premium 70-volt version) MSRP \$3,600.00 (each)

Made Beautifully In Napa, CA USA

All James Loudspeaker Omni Planter speakers feature aircraft-grade aluminum construction, providing superb quality and extreme durability. Omni Planter speakers are available in our 15 standard powder coat finishes, or custom finishes if preferred, enabling integrators to accommodate each client.

"The Omni Planter series represents another unique and innovative solution created by the team here at James Loudspeaker," explained James Loudspeaker CEO Mark Schafle. "Incorporating the beauty of matching flowers or greenery with a high-performance loudspeaker capable of delivering 360-degrees of entertainment is yet another tool for our network of integrators offering landscape audio to their customers," Schafle added.

The James Loudspeaker Omni Planter loudspeakers are available now.
