

FOR IMMEDIATE RELEASE

VANA Ltd. Welcomes E.A.T. B-Sharp Turntable to US Market

(Lake Grove, NY) April 19th, 2017 – VANA, Ltd. (www.vanald.com) has announced the arrival of the European Audio Team (E.A.T) B-Sharp turntable, with engineered cues taken directly from the company's award-winning and highly acclaimed C-Major turntable. The B-Sharp sheds all of the non-essential cosmetic adornments of the C-Major without compromising performance or mechanical integrity, providing vinyl enthusiasts with a superb playback option at a more affordable price.

The B-Sharp turntable features the new B-Note tonearm, made from a carbon fiber alloy that is light yet rigid with a black anodized aluminum headshell. The B-Note tonearm provides all of the key features for cartridge alignment and adjustability: VTA (Vertical Tracking Angle), SRA (Stylus Rake Angle), VTF (Vertical Tracking Force), azimuth and a slotted headshell for overhang / offset angle. The anti-skate mechanism has been engineered for more intuitive calibration, making setup of the B-Sharp notably easier than competitive products.

A proprietary low noise motor, floating chassis, aluminum platter and a high-density MDF low profile base are included as standard features of the B-Sharp. Like the C-Major, the B-Sharp uses a high-tech TPE (thermoplastic elastomers) suspension system that works in concert with adjustable feet that provide levelling ability for the table. The B-Sharp comes equipped with a factory installed Ortofon 2M Blue Cartridge, hinged dustcover, low mass aluminum record clamp and a felt platter mat—all included.

“The B-Sharp delivers a level of performance commensurate with turntables at a significantly higher price point—and we are confident that the B-Sharp will bring joy and lasting satisfaction to music aficionados everywhere,” commented VANA's Nancy Weiner. “Factoring in the new tonearm, the easy-to-use anti-skate and the ready-to-play nature of the B-Sharp, we are confident that this product will become an instant classic.”

The E.A.T. B-Sharp is available now with a US MSRP is \$1595.
