

FOR IMMEDIATE RELEASE

## **Savant® to Unveil Cloud-to-Cloud Integration with Resideo's Honeywell Home T Series Smart Thermostats**

*Proprietary integration with Savant's award-winning control platform delivers intuitive operation to builder community, custom integration specialists and their clients; Companies unveil new offering at the 2019 International Builders Show*

**HYANNIS, MASS. February 19<sup>th</sup>, 2019** — Savant, a leader in smart home technology, has announced compatibility between their control platform and Resideo's Honeywell Home T Series Smart Thermostats. This ground breaking cloud-to-cloud integration delivers the most intuitive operation imaginable, including voice control via Savant's award-winning touchscreen Pro Remote and Pro 8 app.

Homeowners with a Honeywell Home T5, T6, T9 or T10 PRO Smart Thermostat from Resideo can simply say *"I'm hot"* or *"I'm cold"* into the Savant Pro Remote to trigger a 2-degree adjustment of the temperature setting. Users can also integrate climate adjustment as part of the Savant Scene engine, giving them one-touch or voice command access to instant comfort. When combined with Savant Energy, users will have access to energy usage data, enabling them to combine a luxurious lifestyle with overall efficiency.

"It is especially meaningful to builders and custom integrators that two innovation leaders in the smart home industry have come together to bring elegant, intuitive climate control functionality to consumers," said Craig Spinner, VP of Business Development at Savant. "We are thrilled to be able to showcase this functionality at the 2019 IBS Show."

"Our 'Works with Honeywell Home' program features more than 3,000 companies, and helps homeowners achieve seamless comfort and control," said Scott Harkins, vice president and general manager, Connected Home, Resideo. "Our latest integration with Savant offers consumers yet another way to integrate our products and technologies into their home's ecosystems, and makes it easy for them to use those systems to achieve a smart and simplified home."

The Savant and Resideo integration will be on display at the Resideo booth (#SU1418) at the 2019 International Builders Show Feb. 19-21 in Las Vegas. These features will become available early Q2, 2019.
