## Savant® to Unveil Next Generation Pro Remote at the 2019 CEDIA Expo

*The new Pro Remote 2 combines the award-winning features of the first generation remote while adding amazing new functionality in a sleek, aluminum form factor*

**HYANNIS, MASS. September 14<sup>th</sup>, 2019** — Savant, a leader in smart home technology, will unveil the next-generation Pro Remote at the 2019 CEDIA Expo, featuring a redesigned all-aluminum chassis, sleek easy-to-press hard buttons and a modern, minimalist form factor. The new Pro Remote 2 design takes cues based in part on feedback from top integration professionals worldwide, maintaining all of the award-winning personalization and user experience features from the previous generation while enhancing style and usability. The Savant Pro Remote 2 will provide users with the most elegant smart home control solution that is both excitingly innovative and comfortably familiar in all the right ways.

The new Savant Pro Remote features an astonishingly vibrant 3.1-inch high-resolution touchscreen along with backlit hard buttons for uncompromised comfort and easy operation. Now users can effortlessly personalize the functionality of select hard buttons as well as touchscreen icons for control of services, Savant Scenes and favorite channels. The new remote has also been designed for easy activation of Savant's new on-screen TV user interface that elevates the smart home experience to new levels of luxury and convenience. The built-in voice control capability plus Siri voice control with Apple TV integration provides users with the most intuitive multi-room control available. Users will also appreciate the heavy duty 9-ounce base and improved magnetic docking capability.

"Savant has always been dedicated to delivering the finest, most intuitive user experience in the smart home marketplace," explained Savant CEO Robert Madonna. "The Pro Remote 2 joins our touch panels, keypads, TV User Experience and our award-winning Pro App, providing users with an inviting, highly personalized smart home interface."
