

FOR IMMEDIATE RELEASE

## Savant and NETGEAR Announce Exclusive S-Line Program

*New product lineup features premium networking solutions specifically for Savant integrators*

**HYANNIS, MASS. August 3<sup>rd</sup>, 2020** — Savant®, a leader in smart home technology, has enhanced their existing partnership with network products and services provider NETGEAR to offer the S-Line, a suite of networking solutions, enhanced programs and support services exclusive to Savant integrators. S-Line products include Routers, Switches, Access Points, Mobile Hot Spots and their Meural digital canvas artwork. The S-Line networking platform is ideally suited for Savant's smart home ecosystem and is available now on the Savant Store.

NETGEAR's S-Line represents an important opportunity for integrators seeking to deliver a robust, business-grade residential networking platform to their clients. Available exclusively from Savant, the S-Line offers key benefits such as access to design and support services, an impressive 6-year warranty and the licenses needed for NETGEAR's cloud-based management platform, called Insight. Additionally as part of this program, Savant techs have been trained to provide Tier 1 support on the S-Line networking platform, with fast access to NETGEAR Tier 2 support when required. The S-Line program will expand over time to include new, innovative products, deeper integration functionality and high-value support services, enabling integrators to deliver best performance while improving efficiency on nearly any job size.

"Savant customers have increased the demand on their networks by working, schooling and streaming more content than ever before in their homes," explained George Katsiris, VP, Product Evangelist at Savant. "We are rolling out the S-Line program as a comprehensive solution that will enable integrators to support their client's networking requirements. We are also collaborating with the amazing team at NETGEAR to provide future solutions that offer deeper integration capabilities to best serve the CI channel. The NETGEAR S-Line is an ideal networking solution to pair with Savant's Smart Audio product family that delivers superb clarity and detail for any entertainment application along with built-in smart home functionality all controlled from a single, award-winning user experience."

"NETGEAR is thrilled to solidify our partnership with Savant, the leader in home control and automation," said Vikram Mehta Sr. Vice President, SMB at NETGEAR. "The new S-Line encompasses many of our premium products, allowing Savant customers to realize NETGEAR's innovative networking solutions that connect people by powering homes, businesses, and advancing the way we live."

Integrators will feel confident knowing that NETGEAR is a Savant Recommended Partner, offering best-in-class solutions for all aspects of home networking. Both companies are committed to exhaustive testing, ensuring seamless interoperability and unparalleled performance between their respective platforms. NETGEAR devices, including the 10-Gig M4300 switches that power Savant's much heralded video-over-IP solutions, are obtainable on the Savant store.
