

FOR IMMEDIATE RELEASE

Bryston Appoints Dave Kakenmaster as Director of Sales, US

Peterborough, Ontario March 4th, 2021 – Bryston (bryston.com), a leading manufacturer of ultimate-performance audio electronics and loudspeakers for music and cinema systems available through the finest dealers worldwide, has appointed Dave Kakenmaster as Director of Sales, US. This position will complement existing sales infrastructure for Bryston and provide enhanced service and support for US dealers.

Based in the Denver, CO. region, Dave Kakenmaster brings an impressive track record of success in the specialty audio/video channel to Bryston, with prior sales experience at respected brands such as Polk Audio, Definitive Technology, GoldenEar Technology and others. Kakenmaster will work in conjunction with the Bryston team and report to CEO James Tanner in this new role. "I have long had respect and admiration for Bryston since purchasing a 4B amplifier for personal use back in 1979," Kakenmaster said. "Bryston's dedication to excellence, innovation, performance and value make this an exciting opportunity for me, and I look forward to working alongside their existing dealer network while also creating increased visibility for the Bryston brand across the US."

Bryston offers premium audio solutions for discerning consumers seeking to enjoy high-performance music systems, home cinema systems and custom installed multi-zone entertainment systems, as well as professional audio applications. "We are excited to bring Dave into the fold here at Bryston, and look forward to leveraging his sales and service experience on behalf of our US dealers," reported Bryston CEO James Tanner.

About Bryston: Bryston (www.bryston.com) began designing and manufacturing highly accurate, innately reliable audio amplification in the early 1970s. Since that time, Bryston has become legendary for hand-built quality, superb performance and dependability, utilizing precision manufacturing techniques and materials more typically found in military and aerospace applications. Bryston amplifiers have been selected by some of the most renowned recording studios and discerning music professionals. Acquired in 2021 by James Tanner in partnership with Colquhoun Audio, Bryston has expanded its domestic manufacturing capabilities. With locations in both Peterborough and Dwight, Ontario Canada, Bryston products are sold through the finest residential and commercial A/V dealers worldwide.
