

FOR IMMEDIATE RELEASE

AudioControl to Showcase Newest Products, Provide Training Sessions at the 2021 Knowledgefest in Indianapolis

Sessions will include new amplifier functionality, DSP best practices and RTA tuning techniques

Seattle, WA, September 30th, 2021 – AudioControl (audiocontrol.com) has announced that they will be exhibiting and hosting training seminars for attendees at Knowledgefest Indianapolis, being held at the Indiana Convention Center, October 8-10, 2021.

The AudioControl team will be hosting one training seminar per day, covering how to maximize system performance with AudioControl's all-in-one amplifier solutions (Friday), how to make each system shine using DSP (Saturday), and the many benefits of utilizing the AudioControl DM-RTA—the ultimate test tool (Sunday).

"These educational tracks will help our dealer partners deliver the highest performing mobile audio solutions for their customers," explained AudioControl's National Trainer Matthew Palumbo. "We are excited to share information, show off some important new solutions-based products and spend quality time interacting in person with dealers from the region."

KNOWLEDGEFEST INDIANAPOLIS TRAINING SCHEDULE ([REGISTER HERE](#))

Friday, October 8th @ 2:45PM Room 110: AudioControl Amplifiers – The All-In-One Solution

Description: Learn about the recently expanded lineup of 12V power amplifiers from AudioControl and what makes them so unique and versatile. With the recently expanded LC integration series and D series DSP models plus all-weather options, come see why AudioControl is your go-to partner for great sounding, easy-to-install amplifiers with unique features and the industry's best warranty and customer service.

Saturday, October 9th @ 6:00PM Room 110: Demystifying the Black Box: Breaking Down DSP

Description: Join AudioControl's National Trainer - Matthew Palumbo as he deconstructs and unravels the misconceptions of digital signal processors (DSP). Join to learn just how simple DSP can be, and how you could be using these powerful tools to produce better sounding systems with more predictable results. This is NOT just another DSP training course... this is truly a class you will not want to miss!

Sunday, October 10th @ 9:30AM Room 110: DM-RTA The Ultimate Audio Test Tool

Description: Learn how easily you can achieve fantastic results in systems using factory source units. Deliver outstanding system upgrades even when head units are on backorder. Using the DM-RTA to produce predictable results means better sounding systems, happier clients, and more return customers. Already have a DM-RTA but not sure when or how to use it? Don't know why your shop needs a DM-RTA? Join us for this in-depth training from AudioControl and get answers!
