

FOR IMMEDIATE RELEASE

AudioControl Highlighting New Products and Training Seminars at the December, 2021 Knowledgefest in Dallas

Seattle, WA, December 7th, 2021 – AudioControl (audiocontrol.com) will be displaying best-in-class mobile entertainment products, showcasing an outrageous Volvo C30R demo vehicle and hosting vital training seminars for attendees at Knowledgefest Dallas, being held at the Dallas Market Center, December 10th-12th, 2021.

The AudioControl team will be hosting one training seminar per day for attendees, beginning on Friday with how to maximize system performance using AudioControl's all-in-one amplifier solutions. Saturday's track will focus on how to best utilize the full line of active line output converters, load generating devices and digital signal processors from AudioControl that are powerful tools for efficiently and effectively producing better sounding systems for every customer. Sunday's training will highlight the many benefits of utilizing AudioControl's DM-RTA, the ultimate test tool for efficiently producing high-performance systems that are more predictable and professional.

"AudioControl offers a broad range of mobile entertainment products that enable dealers and installers to offer best solutions, unmatched performance and reliability," explained Mobile Audio Sales Manager Matthew Palumbo. "We will be running demos of a full AudioControl system in Joseph Norton's Volvo C30R and providing educational tracks throughout the event, helping sales and installation teams utilize AudioControl products to exceed customer expectations across all types of vehicles."
