

FOR IMMEDIATE RELEASE

Bryston to Debut New Preamplifier and Loudspeakers at the 2023 Montréal Audiofest

*Attendees will enjoy first-ever listening experience of exciting new Bryston products in
the Hôtel Bonaventure, Room Outremont 2 March 24-26*

Peterborough, Ontario March 24th, 2023 – Bryston ([bryston.com](https://www.bryston.com)), a leading manufacturer of ultimate-performance audio electronics and loudspeakers for music and cinema systems available through the finest dealers worldwide, has announced that the company will exhibit at the 2023 Montréal Audiofest, showcasing new products including the BP-19 preamplifier. The show is open to the public and is being held at the Hôtel Bonaventure on March 24-26. Bryston will be welcoming attendees in Room Outremont 2.

Hear New Products from Bryston

Show attendees will be treated to the debut of Bryston's BP-19 preamplifier, an ultra-high-performance design based on the multi-award-winning BR-20 preamp. The BP-19 has been engineered for the devoted music enthusiast, delivering lifelike performances, enhanced detail, and a greater sense of dimensionality and dynamics from all recordings. The signal path features a fully balanced design from input-to-output, using an array of very tightly matched components and a compact circuit architecture. This design achieves the lowest possible noise and superior common mode rejection. The BP-19 is meticulously handcrafted in Canada and comes with Bryston's legendary 20-year warranty.

New T¹⁰ Series Loudspeakers

Bryston will also debut the new Model T¹⁰ Active loudspeakers in Montreal. The brand new T¹⁰ series is comprised of three new floor-standing models (called T¹⁰, Middle T¹⁰, Slim T¹⁰) and three new bookshelf models (Tiny T¹⁰, Compact T¹⁰ and Mini T¹⁰). The new series will include both passive and active models and feature new crossover networks and a sleek industrial design—all engineered and manufactured by Bryston in Canada.

About Bryston: Bryston ([bryston.com](https://www.bryston.com)) began designing and manufacturing highly accurate, innately reliable audio amplification in the early 1970s. Since that time, Bryston has become legendary for hand-built quality, superb performance, and dependability, utilizing precision manufacturing techniques and materials more typically found in military and aerospace applications. Bryston amplifiers have been selected by some of the most renowned recording studios and discerning music professionals. Acquired in 2021 by James Tanner in partnership with Colquhoun Audio, Bryston has expanded its domestic manufacturing capabilities. With locations in both Peterborough and Dwight, Ontario Canada, Bryston products are sold through the finest residential and commercial A/V dealers worldwide.
