Savant Adds Amazon Music to Smart Home Entertainment Experience

New Amazon Music integration enables Savant homeowners to enjoy their favorite fully uncompressed content at streaming rates up to 24-bit/192kHz without the hassle of switching apps.

HYANNIS, MASS. May 16th, 2023 — Savant Systems, Inc., a leader in smart home and smart power, has announced the integration of Amazon Music into its award-winning control platform. Now Savant users will have seamless access to their favorite music and other digital content wherever Amazon Music is available, in studio master quality up to 24-bit/192kHz, on one of the most successful streaming service providers.

Within the Savant smart home app, users can effortlessly access Amazon Music, add their favorite playlists, artists, songs, or albums to the Savant Music home screen for convenient access. Users can also build Amazon Music into any Savant Scene and scheduled event and access it through any Savant control point.

"At Savant, we are committed to delivering the ultimate home entertainment experience with a vast selection of the highest quality 24-bit digital music," said Steve Silberman, Category Director – Entertainment at Savant. "The native integration of Amazon Music is another strong feature for our user community, and we are excited to add new high-value functionality and a broad range of content as part of the Savant Home."

Amazon Music customers subscribed to Amazon Music Unlimited have on-demand access to 100 million songs in HD and a growing catalog of Ultra HD and Spatial audio.

The Amazon Music integration is available now on Savant OS 10.3.
