AVPro Edge Unveils the Ultimate High-Performance 8K HDMI Fiber Transmission Kit

Integrators will appreciate the efficiency of transmitting 8K Ultra HD 48 Gbps uncompressed HDMI 2.1 video, audio, control, and Ethernet data up to 300-meters over a single run of OM4 multi-mode fiber.

SIoux FALLS, S.D., February 26th, 2025 – AVPro Edge (www.avproedge.com) has introduced the AC-EXO-X-PLUS-KIT, simplifying connectivity by providing full 8K Ultra HD 48 Gbps uncompressed HDMI 2.1 near-zero latency signal extension up to 300 meters over a single run of OM4 multi-mode fiber. This valuable new tool, engineered to support A/V integrators, also introduces advanced connectivity features unique to fiber transport, such as USB 2.0 KVM, audio extraction via HDMI ARC/eARC, and the versatile functionality of a 1 Gbps Ethernet extension, establishing the AC-EXO-X-PLUS-KIT as the definitive high-performance 8K HDMI fiber transmission kit available to A/V professionals.

“This new 8K fiber extender from AVPro Edge delivers higher bandwidth, faster speeds, longer transmission distances, improved security, and resistance to electromagnetic interference compared to extension kits that utilize traditional copper cabling,” explained Sam Metivier, Product Director at AVPro Edge. “Our mission is to overcome obstacles for installers—and transmitting high-resolution audio, video, control, and Ethernet data up to 300 meters over a single run of OM4 multi-mode fiber represents a huge step in both quality and efficiency for our integrators.”

Countless Applications for A/V Integrators

The design and functionality of the AC-EXO-X-PLUS-KIT create limitless application opportunities across countless market segments, such as Education, Government, Medical, e-Sports, and more. As an example, advanced enterprise conferencing elevates to a new level thanks to the HDMI eARC/ARC audio extraction feature, integrating high-quality audio into any size facility for improved user engagement. USB 2.0 KVM and 1 Gbps Ethernet connectivity simplify BYOD (Bring Your Own Device) setups, allowing presenters to connect peripherals and establish network connections while eliminating potential technical distractions.

The AVPro Edge AC-EXO-X-PLUS-KIT is available now.

AVPro Edge products feature superior design and manufacturing and are backed by a 10-year advance-replacement warranty, providing integrators with peace of mind knowing they have installed a product that has been built to last from a trusted manufacturer committed to the pro A/V channel. About AVPro Edge

Headquartered in Sioux Falls, South Dakota and a subsidiary of AVPro Global Holdings, AVPro Edge develops and manufactures high-performance connectivity products engineered to provide professional audio/video installers with the performance and functionality they must have to deliver best solutions to clients. As a full adopter of HDMI, Dolby,

HDBaseT, SDVoE, and HDCP, AVPro Edge engineers work closely with these organizations and chip manufacturers to ensure the very best products come to market on behalf of our customers worldwide.

About AVPro Global Holdings, LLC

AVPro Global is a privately held American company headquartered in Sioux Falls, SD, with satellite offices in St. Petersburg, FL, Seattle, WA, a European office in Bratislava, Slovakia, and an office in Shenzhen, China. The AVPro Global audio/video-centric brands - AVPro Edge, AudioControl Pro, Bullet Train, Murideo, and Then Audio – combine their respective strengths to create the fastest-growing AV signal distribution company in the residential and commercial systems integration spaces, perfectly complementing AVPro Global Founder and CEO Jeff Murray's vision, "To be recognized as the best AV signal distribution and control products and services company on the planet." avproglobal.com
