

# SAVANT Announces Expanded Integration with Elk Panelized Security Engines

*Already a Savant Recommended Partner, Integrators Can Now Deliver Fully Scalable Security and Convenience Features Through Integration with ELK M1 Gold and E27 Systems Available Now on the Savant Store.*

**HYANNIS, MASS. — April 8<sup>th</sup>, 2026** — Savant®, a leader in smart home and smart power technology, has announced expanded integration with ELK's M1 Gold and E27 systems designed for residential and commercial customers. Integrators can now offer seamless compatibility with Savant's Security Service, which includes Savant Scenes functionality, adding critical security features as part of the Savant smart home experience. The fully scalable 32-zone or 64-zone ELK M1 Gold and E27 systems are available now through the Savant Store.

"The integration of ELK panelized security within Savant's smart home ecosystem ensures the most intuitive user experience as well as enhanced security for a truly safe and connected home," said JC Murphy, Chief Revenue Officer at Savant. "Offering modern features ideal for both new and retrofit applications, the M1 Gold and E27 solutions from ELK enable Savant integrators to deliver a powerful combination of smart home and security features, all accessible through Savant's multi-award-winning app experience."

## **ELK M1 Gold**

The ELK M1 Gold is a proven hybrid control system that combines robust security with powerful automation. Scalable and proven highly reliable, the M1 Gold supports both hardwired and wireless zones, flexible partitioning, voice notifications, secure Ethernet network connectivity, and seamless integration with the Savant smart home platform.

## **ELK E27**

The ELK E27 Alarm Engine is the next generation in hybrid security and automation. Using the latest hardware, designed for fast installation and modern smart control, the E27 supports hardwired and wireless devices, advanced automation rules, intuitive touchscreen interfaces, secure Ethernet or Wi-Fi network connectivity, and integration with Savant for a complete smart home experience. ELK E27 requires an ELK Connect Dealer App to program E27 Systems, to register please visit [www.elkconnect.com](http://www.elkconnect.com) - note that authorization may take up to 2 business days. To learn more about ELK Products please visit [elkproducts.com](http://elkproducts.com).

## **About the Savant Security Service**

Part of the multi-award-winning Savant app, the Savant Security Service offers features such as remote monitoring and security notifications, all from an elegant and intuitive interface designed to match the functionality of the installed security system. Savant uses the same commands and the same PIN, so users have no need to relearn any features. Integrators can customize the elements, terminology, and control options presented to the homeowner on a system-by-system basis, creating a tailored experience for each user that can include cameras, door locks, and more.
